### CHILCOTT FINED.

The American ship Marion F. Chilcott. Captain H. F. Weedon, was fined \$2,000 yesterday morning by Collector Stackable for violation of the United States laws concerning the discharging of cargoes. The fine was paid yesterday afternoon; otherwise the vessel would have

The Chilcott commenced to discharge, road wharf yesterday morning. Customs officers stopped her discharging. The violation of the law was somewhat of a serious one, inasmuch as there is a tariff of 67 cents a ton on coal. Ignorance of the new laws is said to be the cause of the vessel's discharging without a permit. The case will be appealed to Washington.

### Census Man Disappears.

The British steamship Bloemfontein. with lumber, put in here yesterday to oal. The Bioemfontein is a ca. go tramp belonging to the British and Coionia; Navigation Company, Sne was for everal years on the run from London o South Africa, but was chartered ight months ago to run for a year beween Puget Sound and Honoluiu, The new laws, however, snut her out, and she is now on her way to Melbourne. where she will be redelivered to her waers, road for London and resume

der regular run to the Cape. The Bloemfontein has had an advenurous time since leaving London last August. She first proceeded to Ascenson with cattle, en route to Cape Town. After leaving Ascension sne struck some floating wreckage which caused leak in her bottom. Going into Cape fown a propeller blade was lost. From south Africa the Bloemfontein went to Australia, arriving at Port Pirie, Sae should have gone to Newcastle first, out went to the wrong port through

Five days after leaving Newcastle for Honoluiu the crank shaft broke and aptain Bielloch was undecided whethr to go back or to continue the voyage. ie decided on the latter course, and ifter a hard time arrived in Honolulu on November 29th. In this port Captain slelloch discovered that his vessel han seen chartered by Frank Waterhouse of Scattle to run from Puget Sound to Honolulu, his understanding having een that she was chartered by the gov-

on the last trip, while leaving Port Ludlow, the Bloemfontein, with a pilot A. Kekauluohi-Liliuokalani ... D n charge, went ashore in a place markd four and a haif fathoms on the char; out where there was only nineteen feet if water. A diver was sent down to nvestigate, but found no serious damige, and she was soon floated.

The crew and officers of the Bloemfontein are of a sporting disposition, and include several good all-around ithletes. Cricket and foot-ball matches are arranged when possible at ports of Public Works desire this information, :all. The ship carries a complete cricket outfit and practice is indulged in very afternoon during the dog-watch. Captain Blelloch is a noted shot, and his cabin walls are decorated with many trophies of the chase, a pair of elk horns four feet nine inches high and four feet three inches broad, and a record deer head being particularly no-

ticeable. Captain Blelloch, who is a lieutenant in the Royal Naval Reserve, has held the proprietary me cines of any note.

### PALOLO VALLEY DEPOPULATED. Board of Health Orders its Evacua-

tion.

Mystery still surrounds the cause of the several strange and sudden deaths in Palolo valley during the past few weeks. but, fearing that an epidemic may spring up, the Board of Health has ordered the depopulation of the valley and now it is entirely deserted.

The region was never overgrowded with settlers. Thirteen people lived in it three weeks ago and now seven of them are dead. It may be another instance of the luck of the number thirteen, but the Board took no chances, and as no cause other than those of nature was to be ascertained, the valley was ordered evacuated. The Board had post-mortem examnations made of all the cases, and it was learned that typhoid fever had been the original disease from which the victims had suffered. The water of the valley seemed perfectly pure and there were no visible reasons for its pollution when Dr. Garvin and Dr. Pratt visited the place

early in the week. They brought back some samples of the water and they will be analyzed. Dr. Garvin questioned the people concerning the place from which they procured their drinking water but could get little satisfaction out of them. He informed them that they would all have to leave the valley, and there was little objection, for all of the remaining six were pretty well frightened by the sudden deaths which have swept away over half of their number. They are taro planters and they will remove to the Island of Hawaii.

### THOSE TYROLESE LABORERS.

### Secretary Hay Asks for Information About Them.

Governor Dole has received a letter from Secretary Hay at Washington asking for information with reference to the Tyrolese laborers who were brought here last winter and colonized on a plantation in Maul. The letter was referred to the Governor's council yesterday and the Governor's secretary was ordered to collect all the informawithout a permit to do so, at the Rail- tion possible on the matter and present THE premises of Mrs. A. Rosa, on King It at the next meeting.

The Examiner made much noise about the matter when the Tyrolese were brought to the Islands and accused the Southern Pacific and the Pacific Mail with bringing the people here and keeping them here against their will. Joe Lucca brought the people from Austria, collecting them from his native district in that country.
